The Caboolo Enterprise—Press, recently purchased by Len Watson, came to our exchange desk this week, and is newsy, full of live advertisements of the home merchants, and shows good typographical results. Success to you, Len, in your new field.

Several country correspondents, which were sent in Wednesday of last week, had to left out on account of being delayed and for lack of space. We would appreciate it very much if all our correspondents could get us their items on Monday's mail, as we have to go to press Wednesday in order to catch the mails Thursday.

One of the heaviest rains of the season fell here Monday afternoon and night, which has soaked the ground thoroughly and filled the ponds and cisterns. The past winter has been exceptionally dry, for this section, and this rain, coming as it does after most of the oats and grass seed are in the ground, will start off a good crop year.

The Lords Ascension, Rev. Guley. Piano Solo, Delpha Padgett. Quartette, Mr. Berry Prof. Davis, Mrs. John Duncan and Mrs. Crowder.

Closing prayer by Rev. Bayless.

Bifocal wearers are appreciating more and more the superiority of Kryptok. Modern eyeglass efficiency demands appearance as well as comfort in two-sight glasses. Ordinary bifocals, with the lines or lumps on their lens surfaces, are unsightly and do not measure up to present-day standards of popular taste and refinement. Kryptok Glasses, by invisibly combining two sights in a single pair of lenses, remove the popular objection to double-vision glasses. In this respect their merit is unique. Demand the full measure of bifocal efficiency. Get eyeglass appearance as well as optical correctness in your two-sight glasses.
